

Ryan G. Calderon

Senior Frontend Developer & Freelance Web Specialist

arcacalderon@gmail.com · +63 917 591 0756 · Philippines · Remote worldwide · ryancalderon.me

PROFILE

Senior UI Developer with 21 years of professional experience building web and mobile applications, with deep specialization in the Digital Banking industry and a strong freelance practice spanning Frontend Development, WordPress, Web Builder platforms, and E-commerce. Delivered online banking solutions for some of the largest banks internationally, and a portfolio of client projects ranging from React SPAs and custom WordPress themes to Duda landing pages and OpenCart stores. Expert in Agile methodologies, pixel-perfect implementation, and cross-functional collaboration.

EXPERIENCE

Freelance Web Developer

Self-employed · Remote worldwide

October 2025 – Present

- Build modern, responsive React SPAs with Tailwind CSS, Mantine UI, and REST API integrations (e.g. Carlie Talk, Pulse Analytics).
- Develop custom WordPress themes from PSD/Figma, including CPT, ACF, WP REST API, WooCommerce, and PHP customizations (e.g. Verdana Studio, Art In The Park).
- Create high-converting landing pages and full sites using no-code platforms: Duda, Webflow, Elementor, and Framer (e.g. Serenade At Park Central).
- Build and optimize e-commerce stores with OpenCart, Shopify, and WooCommerce—custom themes, product filters, upsell logic, and checkout optimization (e.g. Melee Express).
- Manage full project lifecycle from discovery and design translation through deployment and client handover.

Senior User Interface Developer

Sandstone Technology Inc. · Digital Banking · Manila / Sydney

April 2013 – September 2025

- Led all UI development for internet banking platforms; served as UI consultant across Manila and Sydney teams.
- Mentored and supported UI team members on tasks, code standards, and best practices.
- Customized web and mobile banking applications to client specifications, ensuring pixel-perfect fidelity to designer vision.
- Collaborated with QA teams to produce highly optimized, accessible, and cross-browser-compatible interfaces.
- Supported the sales team by prototyping new interfaces to demonstrate capabilities to prospective clients.
- Maintained comprehensive UI documentation including component libraries and design specifications.

Frontend Developer

RemoteStaff Inc. · Remote for Christom Web Design

February 2012 – April 2013

- Converted web designs to custom WordPress CMS websites using HTML5, CSS3, and responsive design techniques.
- Integrated WordPress themes and templates; developed at the PHP code level.
- Built mobile versions of existing websites; developed e-commerce solutions with OpenCart and BigCommerce.
- Created social media pages and integrated email marketing campaigns.

Senior Web Designer

CLS International Marketing PTE LTD · Singapore

August 2011 – December 2011

- Designed, developed, and maintained company websites; created web graphics, animations, and layouts.

- Produced banners, posters, flyers, and newsletters for EDM campaigns (web and print).
- Applied SEO and SEM best practices; built microsites for events and promotions.

Senior Web Designer

Arca Solutions Inc. · eDirectory
October 2009 – July 2011

- Hand-coded web layouts, splash pages, email campaigns, and banner ads from PSD designs.
- Converted PSD to HTML/CSS/PHP/jQuery with strong focus on usability, accessibility, and brand standards.
- Contributed UI design to the core platform team for new product promotions.

Web Graphic Designer

R2X Interactive Inc. · Creative
January 2005 – August 2009

- Designed and developed websites using HTML, CSS, Photoshop, Illustrator, and Dreamweaver.
- Created logos, banners, and custom graphics; managed multiple client websites.
